|  Amazon Transcribe & Translate       | Speech-to-text and real-time translation         | <ul style="list-style-type: none"> <li>Call analytics</li> <li>Multilingual support</li> <li>Content localization</li> </ul> | \$1K – \$5K+         |
|  Amazon Lex                          | Build conversational AI chatbots                 | <ul style="list-style-type: none"> <li>Customer support</li> <li>FAQs</li> <li>Appointment booking</li> </ul>                | \$1K – \$8K+         |

## WHAT INFERDAT OFFERS

### ProdWorks™

Get GenAI to production 4x faster.

### Free POC/V

Validate your use case with a no-cost POC or Value Assessment.

### Free Assessments

Production readiness, architecture, observability, cost & governance.

Always free. No obligation.

### Questions?

Hit us up. We're here to help.
